

KLEAN Algae

WARNING

Klean Algae is heavy duty mould inhibitor that will clean and remove algae, black mould, moss mildew and green slime from stamped concrete, stencil concrete, tennis courts, clay courts, synthetic grass, driveways, tiles, pavers, bricks, concrete roof tiles, terracotta roof tiles, colorbond roofs, sandstone walls and granosite.

FIRST AID

For advice, contact the Poison Information Centre on 13 11 26. **INHALATION**, remove victim from area of exposure - avoid becoming a casualty. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position and keep warm. Keep at rest until fully recovered. **IF SWALLOWED**, do NOT induce vomiting. If in eyes, hold eyelids apart and flush the eye continuously with running water at least 15 minutes. **SKIN CONTACT**, remove contaminated clothing and flush skin and hair with running water. **EYE CONTACT** Immediately wash in and around the eye area with large amounts of water for at least 15 minutes. Eyelids to be held apart. Continue flushing with water until advised to stop by the Poison Information Centre or a doctor.

S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S36/37/38 Wear suitable protective clothing, gloves and eye/face protection.
S45 In case of accident or if you feel unwell, seek medical advice immediately (show the label whenever possible).

DIRECTIONS FOR USE

Use neat (do NOT dilute with water) and apply the product on a cool surface which is out of direct sunlight. Sweep or hose down the affected area to loosen the build up of dust and grime. After the water drains and the area is damp, apply the product with a hand sprayer or a watering can. During this process, be sure to move product around the area with a broom. Allow time for the product to penetrate and wash off with water. Heavily affected areas may require further reapplication.

Please Note:

This product must not be used in ponds and aquariums as it can affect biological life. If plants come in contact with the product, hose down immediately to avoid any harm.

SPILLS AND DISPOSAL

P501 Dispose of contents and container in accordance with local, regional, national, international regulations.

ACTIVE INGREDIENTS

Up to 4.9% (49g/Lt) of available Chlorine. Store in a cool, dry area, out of direct sunlight.
